RUSTLE

As I walk through
this darkness,

I can feel countless
fragments flowing
through my hands

A dream, I
Yes, I could call
this a dream.

The time that
has elapsed,

events that
have gone past...

everything
that I want,

and everything that
I do not want...

The thing...

that allows me to stay who I am...

...for a while
now, she hasn't
had the need to eat
drapel waste, nor
trim her nails.

It certainly
is difficult to
call her a normal
human...

This is...?

The next time you
get a hold of a dragon
artifact, why don't you
absorb its power...

and remove
the binding on
her neck...?

I can't do that.

It's "his" voice.

That time in Dorset,
at that place...

when I was still...
so far away.

And...

It's hard for us
to proceed when
she's like this.

We can only
wait until she wakes
up by herself.

I remember.

Leave it to me!

Where am I?

I can't move
any body

...I have no memory
of this place.

...Window!

Starting with my
fingers, slowly...

Slowly...

FLUTTER

THUD!

My voice won't
come out.

There's something
around my neck...

LONE MAN

Kairak!!

STOP

...Even so, we
can't carry a corpse
around, can we?

She's still
breathing, so
she's alive.

Exactly. That's
what's causing
the rumors.

...

LOVE MAN

CLACK

Ami

They're saying that
you've been keeping an
unorthodox lady...

Huh...?

Now that rumor
about me carrying
a "corpse" around
should disappear.

That's not the
problem...

Where's
Kairak...?

Didan...
Mamag...

Vero...

Where is
everyone?

And where am I?

Dorton Castle, the last fortress constructed during the War of Independence, is renowned for remaining unscathed despite numerous assaults. Its impenetrable walls were built by none other than Count Straven, who is said to have raised them in a single night.

Moving the command infrastructure to Dorton was the turning point in the War of Independence. Even after victory was achieved, Dorton Castle remained an advanced border guard for the newly formed country and the labyrinth of Zakodhan.

In recent news

After the collapse of Capital Hollan, Prince Reinhart and his Dragon Knights secured Dorton as one of the few remaining safe havens.

It begins now.
